

George's Creek Coal and Iron Company Payroll

From June 1906, February 1907 and November 1907.

This list may include duplicates as some of the handwriting was difficult to decipher. For example Thomas Beaman may be the same person as Thomas Beeman, but there appeared to be two different spellings. The inclusion of initials also added confusion. It is possible that J F Somerville, John Somerville and John F Somerville are the same person, but they are included here as three listings in case they are indeed three different people. On occasion the clerk abbreviated names, but not always, and so knowing whether Sam and Saml Brown are the same people is unclear or whether Jno H Boyd is the same person as John H Boyd. Where there is possible confusion, both spellings of a name are included.
